Release 18.1.6765 M 7/16/18

FirePrograms functionality changes and enhancements:

- “Display Name” on the personnel record is now required data.
- Navigation Calendar on the Training Schedule shows the updated month when navigating month-to-month
- Personnel Equipment Item form “Current Item Checkouts” browser now displays the assigned Equipment Item’s “Asset ID Number” in addition to Description, Model and Serial Number. “Condition In” and “Returned By” columns have been added to that browser.
- System Reports containing custom field data can now be scheduled to run
