

Release Notes

Release 19.2.7111.201670 D 6/24/19

FirePrograms functionality changes and enhancements:

- To **Fixed Asset, Equipment Item, Hose, and Apparatus forms**: added a new Asset Certification Browser.
 - Certification standards, such as NFPA and OSHA, can be loaded from the Asset Tab -> **Asset Certification Standards icon**.
 - Each Asset form has a new Certification Standards browser.
 - Certification Standards also carry over when duplicating an asset record.
